Coin Elevator

Convenient Customer Payments

Coin entry point

100mm

Coin exit point

The Coin Elevator dramatically reduces the distance between coin entry and exit point to improve customer experience.
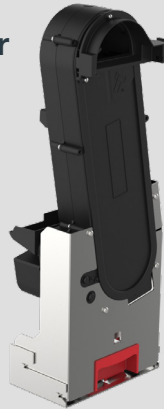

Combine the SMART Coin System with a new Coin Elevator to optimise coin pay in and out.

SMART Coin System

+

Coin Elevator

Benefits

- Minimise distance between coin entry and exit points – improved customer experience

- Accessible for all – adhere to ADA and DDA guidelines

- Closed loop system – full audit traceability – no shrinkage

- Bulk coin validator, hopper & recycler – eliminate coin starvation and the need for multiple hoppers
